

**MOTIONPIX**  
CINEMATIX INDIA PRIVATE LIMITED  
Your Digital Branding Partner

**3D**  
WORLD

# CORE at a Glance

"Motionpix blends creativity and tech to craft next-gen 3D industrial visuals, interactive content, and cinematic experiences using cutting-edge AR/VR and animatic

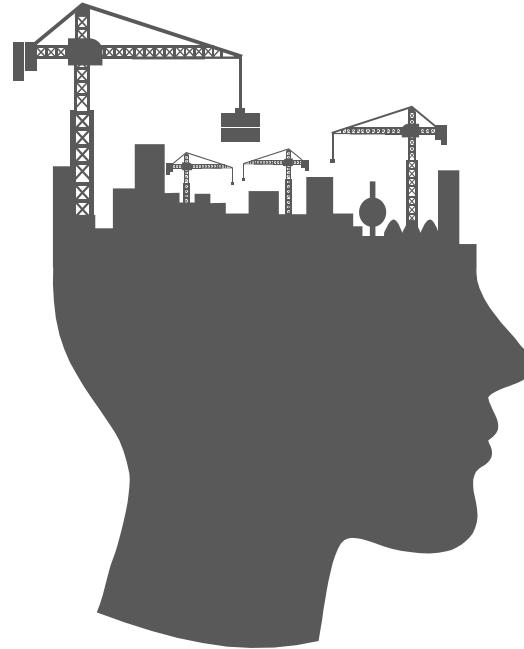

"Industry is evolving—2D/3D visuals, interactive animations, and AR are transforming operations, training, and sales. Let customers see their products in high-res 3D and watch engagement and sales soar."

**"The human brain is a wellspring of creativity, constantly generating great ideas."**

## Built on Belief

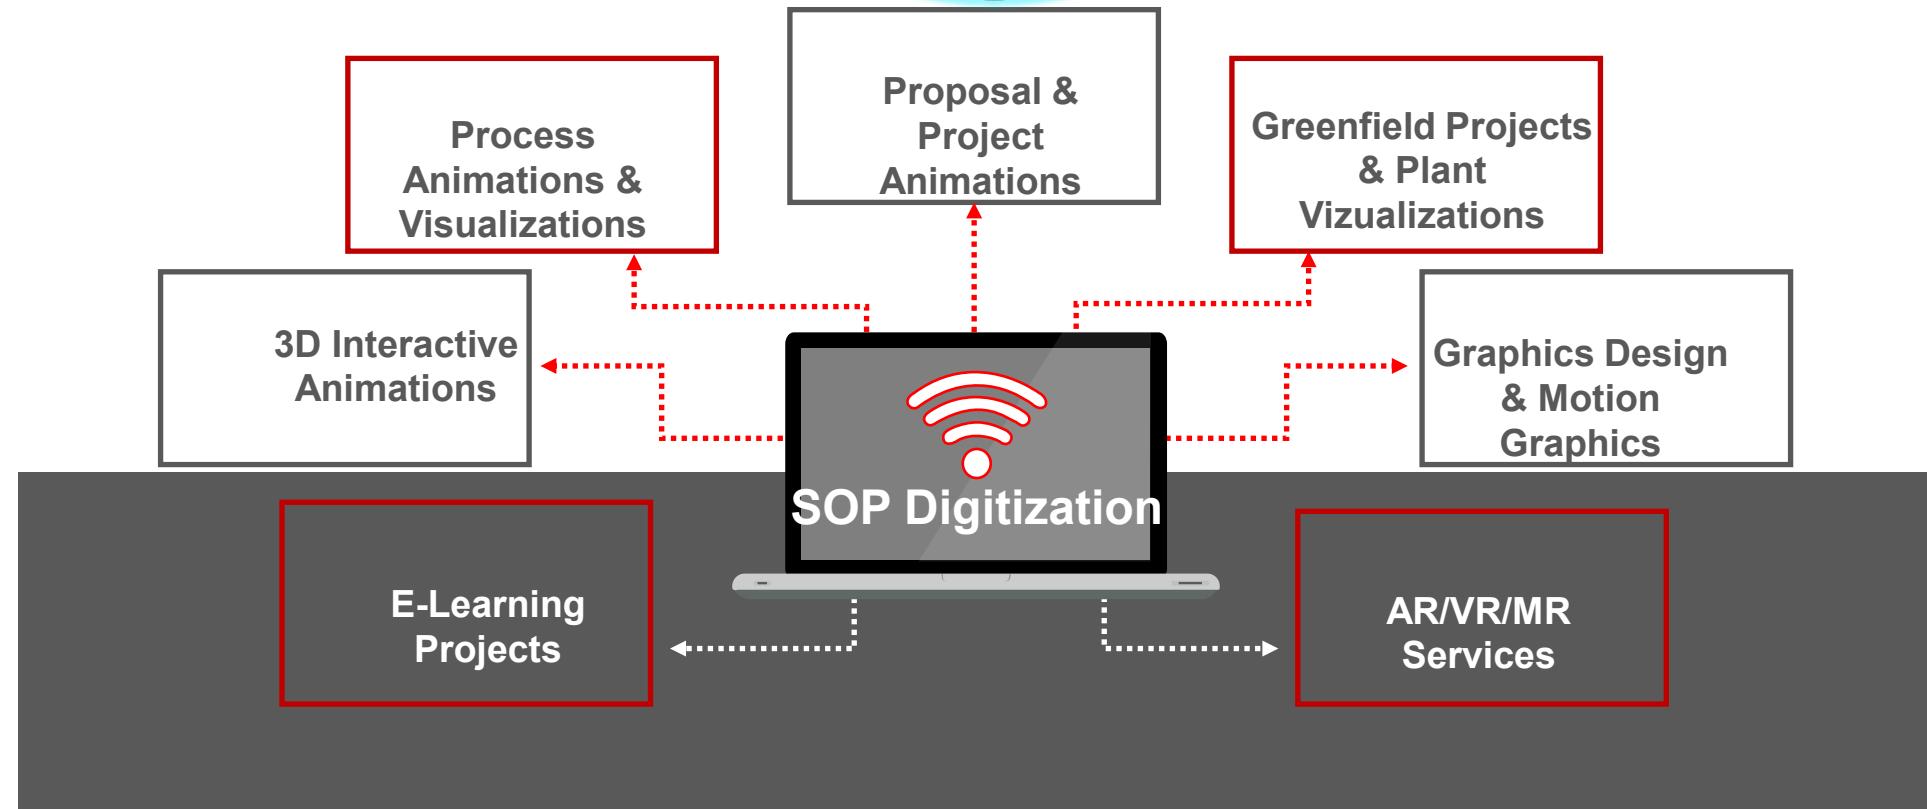

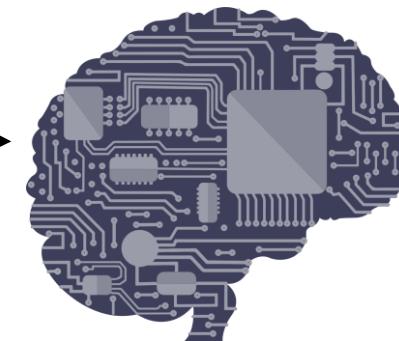

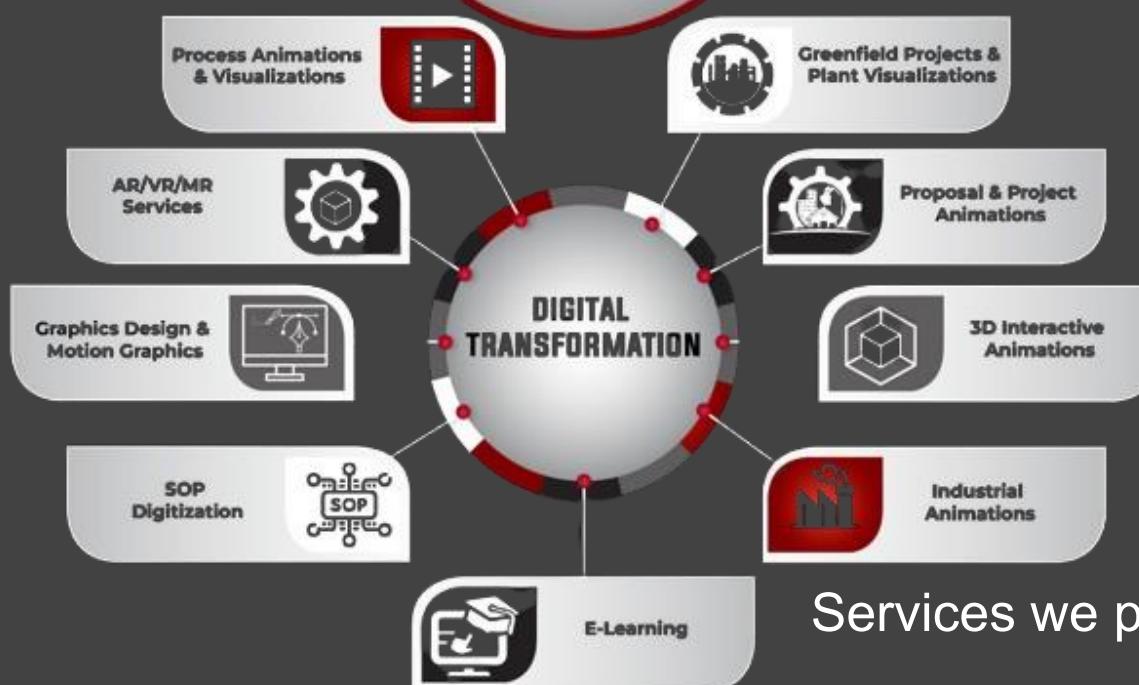

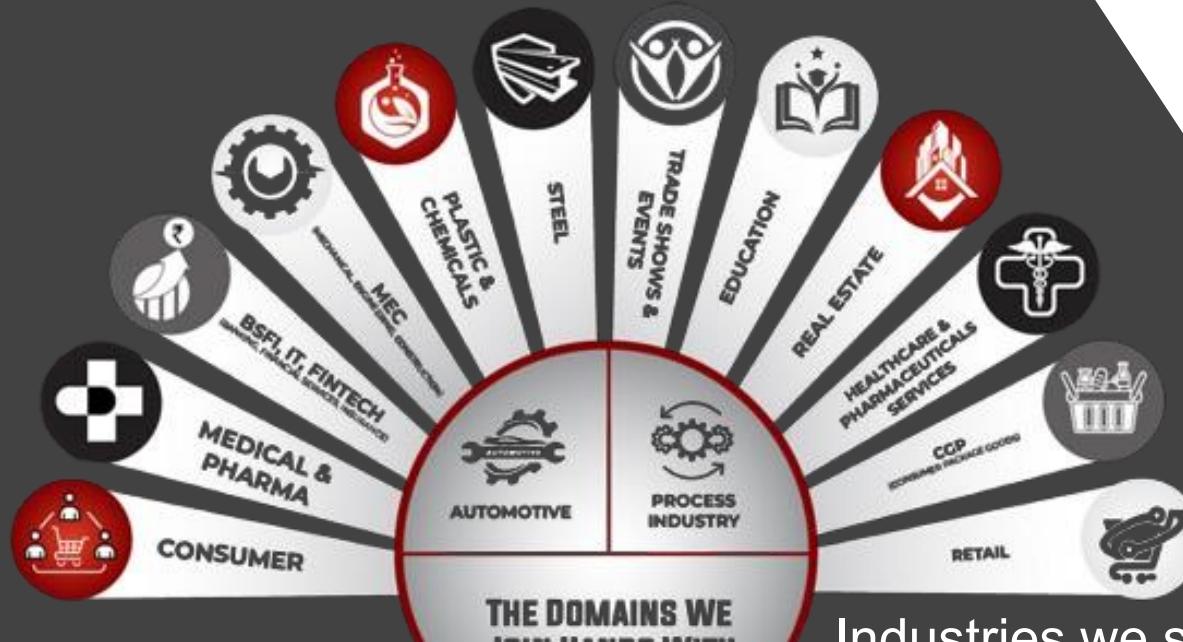

**"We bring your unseen mind's ideas to life through creative motion graphics, turning thoughts into dynamic visuals."**

**Bridging the gap between the unseen mind and the visible world."**

- **What We Do**

**Greenfield Projects and Plant Animations**  
**Process Animations & Visualizations**  
**Proposal & Project Animations**  
**Sales Manual Visualizations**  
**3D Interactive Animations**  
**Motion Graphics Picture**  
**2D Flash Animations**  
**AR/VR Services**  
**Digital SOP's**

Step by step visual guidelines for Standard Operating Procedure.

Step by step visual instructions for complex assemblies to follow correct procedure.

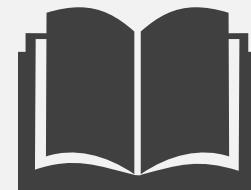

## Digitized Standard Operating Procedure

1. Improved operational visibility
2. Enables paperless shop floors
3. Increased operational efficiency
4. Less time required to train freshers

Display of safety instruction and recommendation of tools or assembly and disassembly.

Visual integration of R & D, Design Tools with production lines through PLM or ERP software.

# "One Picture is Worth a Thousand Words".

**OUR BRAIN PROCESSES VISUALS 50,000X FASTER THAN TEXT**

93%

of maximum communication is nonverbal

70%

of your body's sensory receptors are in the eyes

90%

of information send to the brain is visual

40%

of people respond better to visuals than text

50%

of your brain is involved in visual processing

**Creative Graphics Designing**

03

**Advertising**

**Empower your brand.**  
**One design. One message. Maximum impact.**

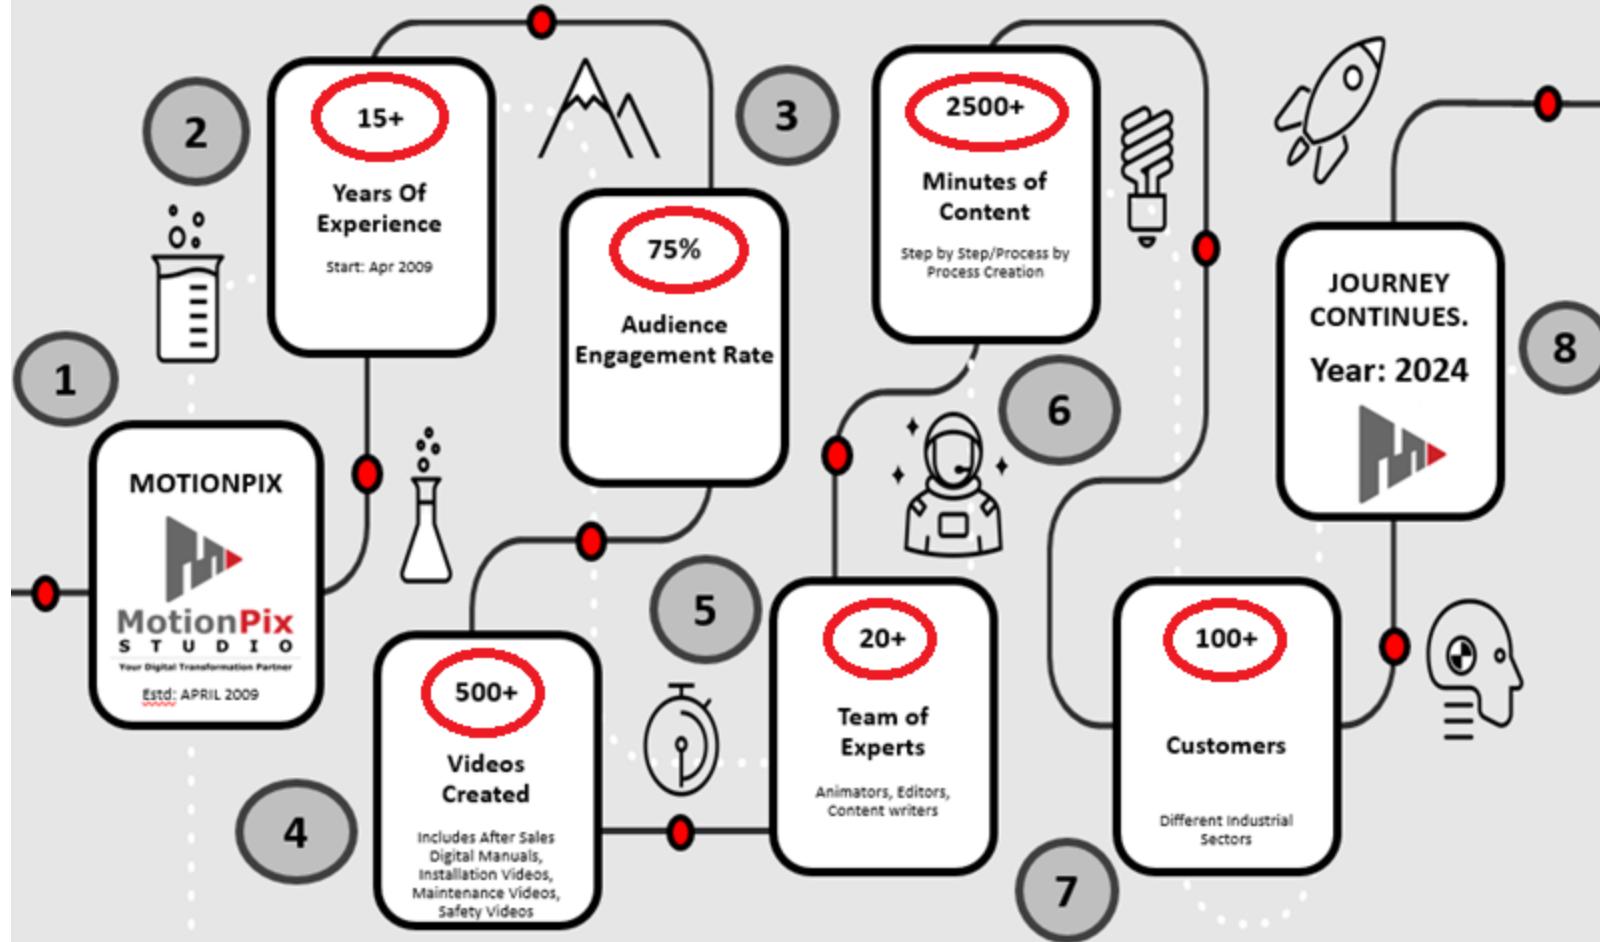

**Visual identity**  
**Deliver a clear, consistent, and creative message.**

**Build brand authority through innovation and professionalism.**

# Motionpix Statistics

## MOTIONPIX JOURNEY & STATISTICS

### Motionpix

A team of 20+ visual design and video production experts with 15+ years of experience and 100+ successful projects delivered.

**Motionpix** is a video production company delivering high-quality content for clients and in-house projects. We're currently producing 500+ videos (2,500+ minutes) with a 75% viewer engagement rate — well above industry average.

# "Revolution Drives Tomorrow's Industry"

## Digital Transformation

"We help businesses become digital leaders by aligning their strategies with digital transformation."

## Artificial Intelligence

"Our solutions harness rapidly advancing AI to drive innovations like self-driving cars, speech recognition, and robotic surgery."

## Internet of Things

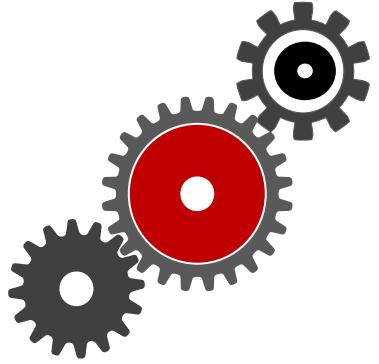

"Our platform simplifies IoT integration, enabling companies to collect, process, and analyze data with scalable solutions."

## Industry 4.0

"Our solutions leverage Industry 4.0 technologies—AI, big data, and cloud computing—to automate processes, reducing costs and boosting productivity."

## Greenfield Projects:

From concept to commissioning, we deliver complete solutions for new manufacturing facilities.

## Plant Visualizations:

3D modeling and simulations to help you visualize plant layouts, workflows, and ergonomics before implementation.

## Plant Walkthroughs:

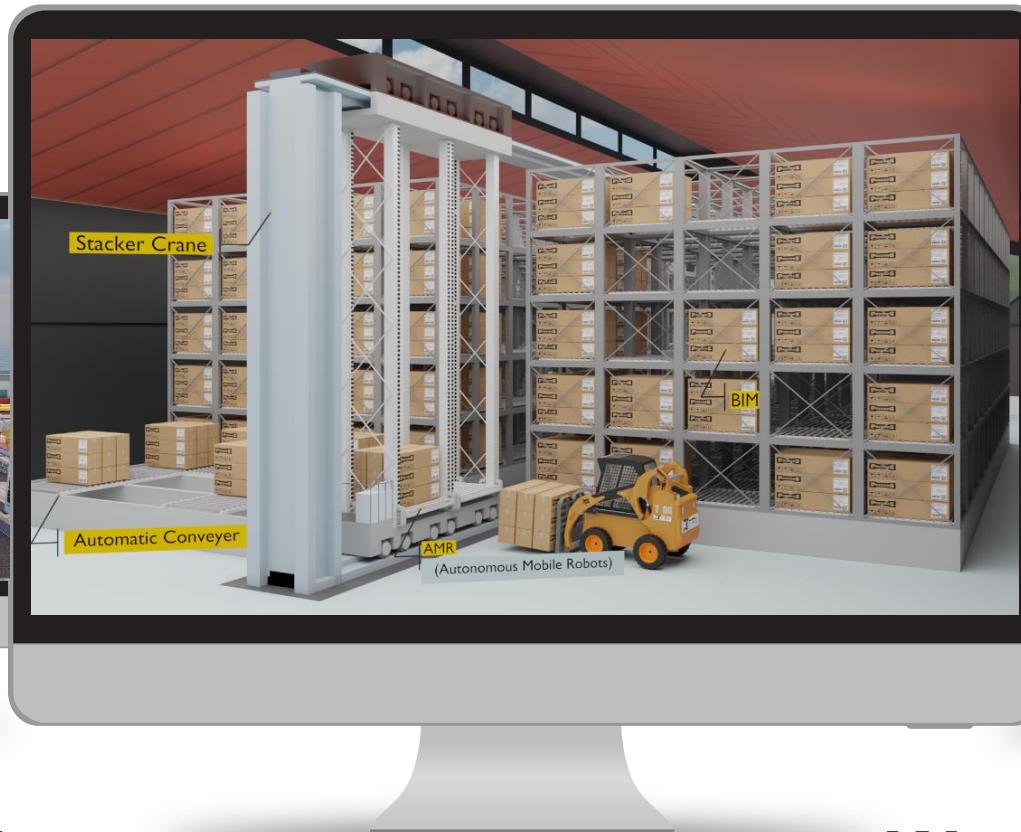

Immersive, virtual walkthroughs that allow stakeholders to experience the facility before it's built – aiding faster decision-making and design validation.
